LALIQUE AMBER CLOCK

LIVING THE HIGH LIFE

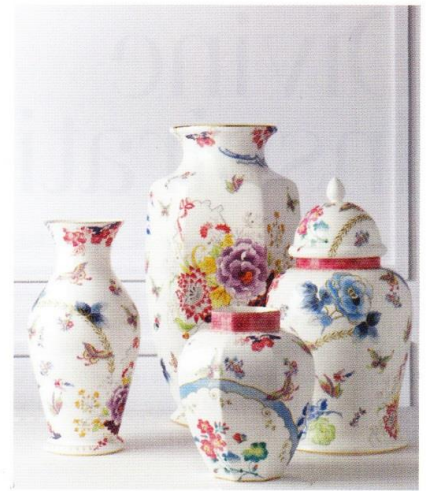

Accessorise your living space with objets d'art from the world's top brands

Decorate your living room in style with these top picks from the latest collections. Chic crystal and glass pieces add a grand feeling to any living area; this season, Baccarat's exclusive Heritage Panther statuette and Crabtree & Evelyn's Caribbean Island Water Lily Home Fragrance Reed Diffuser are our two top choices. Another piece that would add warmth to any room is Lalique's sunflower-inspired Amber Clock, which can usefully double as a paperweight. As centrepieces, you can't go wrong with Wedgwood's Expressive Vases with floral details, which contain 24k-gold lining and are an elegant and refined touch. To complete the living area, add Design Link's Koi table or SV Casa's hand-sculpted stone table to create a glamorous and Zen vibe.
